Casegoods

Palisade Daystand

The daystand is designed to provide guests and caregivers a convenient place to sit, stand, or work near the patient's bedside. Pull up a stool to interact with the patient at eye level, and nest it within the Daystand to save space when not in use.

Designed by Jess Sorel

Details

Optional power and USB enable guests to stay connected.

Hard-wearing case is manufactured with dry construction, making all components field-replaceable.

Durawrap or optional solid surface top (shown) for added durability and style.
