Folding Chair

Side, Stacking & Folding

Dex II Folding Chair

Dex II provides the practicality and convenience of a folding chair with the comfort and durability you expect from long-term seating. A generous-sized seat accommodates a variety of guests with ease, and a secure folding mechanism eliminates pinch points when moving or storing. Optional hook and wall mount brackets let the chair be easily stored in the patient room when not in use.

Designed by Nemschoff

Details

Secure folding mechanism helps to eliminate pinch points.

Upholstered seat and wood or upholstered back options offer design versatility and a wider seat, at 18.5" (47cm), supports a variety of statures.

Optional hook and wall mount bracket stores up to two chairs.
